EMPLOYMENT HISTORY

Video Content Producer | Darvin Furniture and Mattress | June 2023 - August 2024

At Darvin I managed, directed, and co-wrote various TV commercials through our internal marketing department and with other teams / agencies from pre to post-production. I also created logos that were used for promotions (television ads, print ads, social media, mailers, etc.) and wrote, shoot, and edited commercials for OTT.

Videographer / Photographer | Youtech Agency | Nov 2021 - Jan 2023

At Youtech I collaborated with a variety of brands to photograph, film, and edit content for their web sites, social media, and streaming platforms. I also had a major role in creating internal photography/videography. I was always working simultaneously on various video and photo projects. All final products were part of a wider marketing push and up to brand standards.

Videographer & Editor | Orbus Exhibit & Display Group® | 2019 - 2020

At Orbus I conceptualized, filmed, and edited a myriad of company, product and social media content. Whether it was creating product tutorial videos for their website, social media videos for advertisement, or social media photos/graphics, I was constantly and consistently working on various projects in multiple mediums simultaneously.

Video Marketing Coordinator | Sevan Multi-Site Solutions | 2018 - 2019

At Sevan I conceptualized, filmed and edited videos advertising Sevan's Intern residency, documentary-style videos tracking their new technological initiatives, advertisements and recaps for company-wide charity events, company wide addresses for All-Hands meetings, company retreat videos, construction site time lapses and safety videos for internal use.
